

Hello!

Thank You for your inquiry on our **'55, '56 and NOW '57 REGAL T-BIRDS!**

We offer both versions of our **AWARD WINNING Authentic REGAL T-BIRD** and **Custom REGAL THUNDER**. Subtle changes and modifications of the interior and exterior coupled with a wide variety of chassis and powertrain choices make it a dream come true. Both **FACTORY COMPLETE** and **COMPONENT PACKAGES** have been our specialty for over 23 years.

With our **Custom REGAL THUNDER** you can choose options like Shaved Door Handles, Smoothie Hood or Deck Lid as well as Smooth Fiberglass Bumpers to save time and help the project progress smoothly.

I've attached some information for you to look through. We typically start with this information and then discuss your preferences. We pride ourselves in offering our customers exactly what they are looking for. We offer any possible combinations and options you can imagine.

Please give me a call once you've had a chance to read through the material. We can further discuss why Editors of Kit Car Illustrated and Specialty Cars, Professional Kit Car builders and customers around the world have been quoted as saying:

"Fit, finish and scale accuracy of this replica's coachwork is breathtaking. Attention to detail and authenticity is among the best we've seen."..... Specialty Cars

"My Regal T-Bird turns heads...thank you for the fun I'm having!"..... D. Nehls

"Undoubtedly, once this car gets out and about a bit more, people will have the chance to see how nice it really is. The glass is smooth, the construction sound, the company solid."..... Kit Car Illustrated

Please let me know what else you would like to see or need to make a decision. I look forward to working with you in the near future.

Warmest Regards,

Charles Siewert
President
